The Supplies Inventory Management Fund warehouse operation is managed by the Purchasing Division of the Finance and Administrative Services Department. Fund 715 is part of the Governmental Excellence and Effectiveness Goal to provide high quality and efficient service to the public and other city agencies. This program strategy provides centralized receiving, stocking, and issuing of supplies and materials to City departments. In addition, the Fund is responsible for managing the just-in-time (JIT) office supply contract, the JIT traffic pavement marking and sign materials contract, the JIT fire station furnishings and kitchenware contract, and the sales and auctions of the City's surplus property. The Fund recovers its costs for providing these services to City departments by adding a 17% service surcharge across the board for warehouse issues, 5% surcharge on JIT supplies issues, and 8% surcharge on JIT pavement marking and sign materials issues and fire station furnishings issues.

- Revenues and expenditures remain relatively constant from FY/03 through FY/05.
- The FY/05 appropriation slightly exceeds the estimated revenues as sufficient fund balance is available to cover this shortage.
